

Vision

To help alleviate the suffering of orphans who face the challenge of living without the love and guidance of their own parents.

To bridge the historical animosity between Hungarian, Romanian, and Roma people.

Hope for the present and future will be kindled for a brighter tomorrow.

Method

Since 2000, we are supporting a model home for orphans to help them integrate into society.

In 2010 the home orphanage received a horse and wagon due to generous donations from concerned people around the world.

Please support our work!!!

All donations are tax deductible and go directly to serve the needs of the project.

Sunshine Farm

Children of Transylvania/ Romania Project

Women's Federation for World Peace has NGO status with the United Nations and supports numerous grassroots projects on all continents supporting women, children and families.

Be the Change

Sunshine Farm Is a project of WFWP International. Established by the family Vigh-Brisebois, Kati is a native of Simian, Bihor, and grew up in Nagyvarad/Oradea.

Currently she resides with her family in Canada.

Educational programs are given for teaching principles of ethics and social change based on giving to others as a foundation to change things for the good.

Philanthropy starts within the individual then spreads to the family, community, nation and world.

Goals for the Next Three Years
