## Logic of Love News

MAY 2017

### President's Corner

Dear friends,

We are excited to introduce to you the new format and delivery of our Logic of Love E-newsletter, and hope it will serve you even better (see more details below).

In this beautiful month of May, it seems like a whole new energy and spirit have infused many of our events and new projects, such as our groundbreaking WFP Girls group in New Jersey. Now middle school girls are being given the opportunity and training to serve others in preparation for becoming great peace leaders in the future.

As the WFP 25th anniversary celebrations continue to take place around the country, we just concluded a most fantastic, colorful, and deeply moving "Igniting the Culture of Heart" anniversary celebration in Tempe, Arizona, where we also launched the Global Women's Peace Network. The GWPN is a project of WFP International and was the last project our co-Founders, Dr. Hak Ja Han Moon and her late husband, Rev. Dr. Sun Myung Moon, initiated before the latter's passing in 2012.

We will cover the events in Arizona in the June edition of our Logic of Love newsletter. In the meantime, you can find more information about the Founders' vision for the GWPN on our website [www.wfwp.us](http://www.wfwp.us), go to Founders' Words, the speech entitled "Women as the Turning Point for Peace," October 27, 2012, in Las Vegas.

More than ever in these troubled yet hopeful times, our signature project, the Bridge of Peace, is in the forefront of our activities. We would like to acknowledge Mrs. Sheri Rueter, whom we call the "Queen of the Bridge of Peace," as she conducted literally hundreds of such ceremonies in the 1990s. Sheri attended the 25th anniversary event in Los Angeles, where she described the working of the Bridge in her own words. It is included as one of the articles in the May issue.

Finally, a Big Thank You to all chairwomen, chapters, and friends who made our April membership drive successful. In fact, as the momentum built up, we decided to extend the drive through the month of May.

Here's wishing for you to enjoy life, and, as one of the speakers at the recent Arizona WFP assembly said: "create beautiful memories every day, as it is only those we will remember and take with us to eternity!"

With love,

Angelika
