November 2020 - Vol. 1

President's Corner

Dear wonderful friends,

Greetings in this wonderful fall season — which seems to be sticking around longer than usual here in Maryland, where I live. Temperatures are still warm, allowing us to enjoy the rich colors a while longer. We are grateful!

At the same time, our country is continuing to go through all kinds of pandemics — epidemiological, social, economic, political and even psycho-emotional — as almost every family and individual is facing some sort of challenge. And to add to it all, the national elections occurred on November 3, which highlighted the glaring political divide in our country and caused a lot of stress and concern even beyond our borders.

Regardless of all of the above, we in the Women's Federation for World Peace know without a doubt that **much work is still ahead of us to bring hope and healing to our nation...**

WFWP Northern California 2020 Benefit for the Schools of Africa Project: "Share the Sweet Things"

Doing our **Benefit for the Schools of Africa** was quite an adventure this year. **Because of Covid restrictions, we couldn't do our usual silent auction, so instead we decided to do a two part benefit.** We chose to first hold a Zoom event and then follow up with a drive-by event a few days later, when we would give homemade desserts to people who donated to the schools. We also set up an online donation page.

First we had the **Zoom event on October 21st** at 7:30 pm, prepared and hosted by Arehta Fortune and Prem Bajaj. The event highlighted the achievements of the schools and shared some letters of appreciation written by students. We also introduced some of the women who prepared desserts for the event. They introduced the delicious desserts they were preparing and expressed their desire to contribute to the Schools of Africa. The Zoom event also informed people about the online donation page...

How to keep yourself active and motivated during the pandemic

The **WFWP chapter of Hackensack, New Jersey**, has been meeting virtually every two weeks as a way to stay connected and inspire women during this pandemic. Each meeting has a different topic, featuring a guest speaker, and aims to empower the participants and present them with fresh ideas. **The most recent call, on October 30th, 2020, was based on the theme of "Staying motivated during the pandemic".**

Eight participants engaged in a discussion about this topic and our guest speaker was Elaine Brown, an associate professor and English Department chair at the New York Institute of Technology. Elaine drew from her own experiences and offered us valuable tips on how to practice self-care and remain active in the community, albeit in a virtual setting...

Following your passion by taking a leap of faith

WFWP members caught up with **former WFWP Texas chairwoman Justine Cherutch** with the **"Wealth Wisdom for Women"** webinar on **October 29th, 2020**. Justine shared an exciting testimony about how she turned her passion into a career. She always had in her heart the desire to learn about trading stocks on the stock market. She is a mother of two, and has been a nurse and a business owner, and now with her children grown up, and with the support of her husband, she has taken this big leap. And she has never been happier...

WFWP USA meets fundraising goal in a short time to assist the Arabic Literacy Project, supporting refugee children in Jordan

"When a child gains basic education, they keep hope in their future." – Mrs. Fusayo Irikura

Jordan is currently one of the largest refugee-hosting countries in the world, and it is the children that are particularly vulnerable and in need of support. The growing influx of refugees has strained the public school system, with overcrowded classrooms and high drop-out rates, and many children are falling behind. With a strong desire to make a difference in the lives of these children and give them hope for a better future, **WFWP Jordan President Fusayo Irikura launched the Arabic Literacy Project five years ago.** She has made it her personal mission to provide refugee children aged 8 to 15 with opportunities to receive educational support and develop a good character in a safe and loving environment. Mrs. Irikura is making a tremendous positive impact on these children, giving them a path to realize their full potential...
