## EMPOWER, COLLABORATE, IMPACT: TOWARDS A CULTURE OF HEART

### Outreach and Networking

- WFWP USA initiated a **four-part Global Women's Peace Network (GWPN) Forum virtual live speaker series, under the theme Reflect Reset Rebuild** to bring hope, encouragement and tips to navigating these uncertain times in 2020. Over the past year, each forum covered an important area of life, including [business](#), [education](#), [resolving the inner state of crisis](#), and [overcoming hate](#).
- Each session highlighted the Mother of Peace as an educator and extraordinary woman leader, who has given her life to bring about peace globally, alongside her timely [memoir](#). Throughout the series, these videos have reached over **12,246+** viewers on Facebook.
- **Global Friends initiative**, our most prominent project for organizations to be promoted alongside the GWPN, has increased in number with a total of 15 organizations, reaching a network of 10,030,189 people. Check out our current global friends and **apply today** at [wfwp.us/globalfriends](http://wfwp.us/globalfriends).
- **Global Friend collaborations** were a notable development this year. WFWP USA sent a delegation to join the [medical mission in Haiti](#), our President spoke at the [Pan-African Global Conference](#), [art kits](#) were created and shared with students unable to go to school, and a radio show episode was initiated on [Mothers Praying for the Healing of the Nation](#) following the racial tensions in the United States. And we felt the support as two Global Friend representatives joined as speakers for the GWPN Reflect Reset and Rebuild series! (Read more about the various global friend collaborations below.)

In August, WFWP USA collaborated with **GWPN Global Friend**, **[Chase the Dream](#)**, and President Angelika Selle spoke at the organization’s virtual Pan-Africa Summit. Prior to the launch of the Giving for Good Project and Mother Moon’s Memoir, President Angelika Selle and Outreach Director Kiyomi Schmidt gave an in-depth **[interview](#)** on the Filipino online radio show **“[Buhay-Buhay sa Amerika](#)”** hosted by Rhia Luz. Featuring 36 accomplished, high profile women who have been actively involved in their local community and given back in inspiring ways, **the first printed magazine of GWPN Arizona “[HerStories Fall 2020](#)” edition** was published in November. - Having the virtual **Peace Starts With Me Rallies** and the **Rallies of Hope** throughout the year uplifted and brought hope during these unprecedented times. This also gave us the opportunity to feature our Founder’s exemplary leadership

and vision for a compassionate, peaceful and unified world that reached 71,081 people on social media and 4,000+ contacts on our database.

### Educating WFWP USA Leadership

- Every year, the [WFWP USA National Leadership Retreat](#) brings together **women of all ages to be educated in leadership skills, learn the latest updates from the organization, reconnect in heart to WFWP's vision, share best practices with each other, and have some fun together as women.** This year presented a special challenge due to restrictions on travel and larger gatherings, therefore we moved to a virtual format which inspired **135 women to sign up and join.** In fact, the new format allowed twice as many to participate compared to previous years! Even a **delegation from WFWP Canada** joined in the informative and empowering workshop.

*"I observed the cooperative spirit of young and old members of this organization, and that it is so important when a young woman like me is willing to take the torch to continue what our elders have pioneered. I observed my mom, who is the Chairwoman of PA, and through her as well as other women leaders I saw great examples of how a mother can be a light bearer to our home and to our community."* – Precy Dohou

- Continuing to take advantage of the virtual format and for the first time, WFWP USA decided to offer **exclusive virtual access to our [Cornerstone for Happiness: Marriage & Family Seminar](#) education curriculum to all of our followers.** We wanted to learn and discuss together the importance of deepening and strengthening the relationships in our

families — not only for ourselves, but for a bigger vision of building sustainable peace — and learn some practical ways we can do that. Over the course of five weeks, these videos reached **7,286+** viewers on Facebook.

*“It was great to listen to your practical points to help and develop my relationships with my husband and family.”*

- **Cornerstone for Happiness Virtual Presenter Training** was launched this year for anyone who felt inspired to hold a virtual live Cornerstone for Happiness seminar in their chapter. All four Zoom sessions were successfully completed by eight WFWP leaders from USA and Canada.

- The **Leadership of the Heart Virtual Presenter Training** covering three main topics: Spirituality, Self-Worth and Emotional Maturity was also shared **internationally for the first time with 20 WFWP women leaders from the United Kingdom**. It proved to be an incredibly spirit-filled, lively and joyful experience, with lots of **guidance on being a leader of heart first, and with ample time for everyone to interact with each other and to try to put the program into practice**. Those who had attended confirmed to have had a life changing experience.

## Reconciliation and Healing

- After the death of George Floyd and resulting anger over social injustice, WFWP USA immediately released a [public statement](#) in response to the incident and gathered together to pray for peace. The prayer gathering was livestreamed on [Buhay Buhay sa Amerika Radio Show](#) entitled [“Mothers’ Prayers for Healing the Nation”](#), reaching viewers nationwide.
- Shortly after, we organized a **repentance and forgiveness ceremony between five White American and five African American women**. This kick-started our contribution to [Peace Road 2020](#): bringing a mother’s heart in all five regions and providing WFWP women speakers and participants to each location around the country who offered prayers, and organized local programs.
- Throughout the course of these events, WFWP USA initiated a weekly national prayer and study call entitled [“Help Turn the Tide”](#) for eight weeks in an effort to come together as a nation and pray for healing and reconciliation. Later in the year, we restarted a second national prayer and study call to continue the pulse of prayer and healing in America entitled [“Interfaith Women’s Prayer Circle for Peace and Healing in America.”](#) This included readings from Mother Moon’s memoir, insightful discussions and profound prayers.

## WOMEN SERVING THE WORLD & BEYOND

- A notable project this year was launching the Giving for Good campaign and auction initiated by WFWP International Senior Vice President Sun Jin Moon, for spreading awareness of environmental issues while encouraging sustainable practices, such as buying and selling secondhand, as well as assisting people to create funds during Covid-19. Check out how you could participate at [wfwp.us/givingforgood](http://wfwp.us/givingforgood).
- All the proceeds from the Giving for Good auction were used for WFWP humanitarian activities and Covid-19 relief charity. WFWP USA gave a special \$10,000 Turn the Tide grant to three women's and girls organizations who are working to alleviate the suffering of the Black Community in this time of racial unrest, especially also in the wake of the current crisis.

[Literacy Project](#) to support supplemental literacy classes for refugee children living in Jordan, collected \$8,355 by the WFWP New Jersey chapter for their Cambodia Foster Care Project, and \$2,573 was raised by the Arizona Chapter for the Typhoon Disaster Relief in the Philippines.

- **Haiti Medical Mission Trip in collaboration with GWPN Global Friend, [Stand Up to Poverty](#)**, ventured to the Caribbean nation of Haiti in mid-March to provide much-needed care to its impoverished population and help save lives. Later in November, [WFWP Girls](#) sent shoeboxes filled with toys, books, cards, and lots of love to children through the nonprofit organization called the Samaritan’s Purse, who works with disaster reliefs as well as a special holiday program called Operation Christmas Child. Another project initiated by **WFWP Paterson New Jersey Chapter** donated [100 meals](#) to the essential healthcare workers at the Hackensack University Medical Center. **WFWP Northern Virginia Chapter** donated [100 art kits](#) per week to local elementary schools.
